

**Read this book and you'll be trading stocks, guaranteed. You will learn about many different strategies that professional Wall-Street managers use every day to grow your own savings and retirement. You'll uncover how to actively and passively manage your money in investments that can grow your wealth over time and secure your financial future. See the Preface on page seven for more information.**

**John F. Wooten, IV is fed up with high educational barriers to entry into finance. John's been trading the stock market for two years now and absolutely hates seeing Americans who don't take advantage of the massive economic powerhouse we call a nation. No matter how much time you plan to commit to personal finance and investing, this book will turn your financial goals into an achievable, plannable reality.**
